1.0 Overview of Services

Vast changes are taking place in technology. Our regional economy dictates that rapid access to information provides the competitive edge necessary to prosper. Organizations that best provide employees with the data necessary to make informed decisions will have a distinct advantage over others. Providing access to this data entails many challenges: determining hardware and software platforms, developing an implementation plan, assessing the technical skills required to implement and support the information systems and finding a single source to help meet these challenges.

The professionals at Inspired Technologies partner with you, our customer, to help you meet these challenges. We specialize in understanding your business needs and using technology to increase your organization's productivity. As an information systems solutions company, we provide the expertise necessary to assist you in achieving your business goals. We are committed to providing the highest quality solutions to meet your business needs.

Inspired Technologies first and foremost objective is to understand our customers' business needs to develop an innovative and effective solution. Our highly trained technical consultants assist in defining business requirements and processes to determine the best technological solution to achieve your business goals.

Inspired Technologies differentiates itself from other network service providers by offering enterprise solutions that go beyond standard WINTEL platforms. Our company's foundation was built on meeting our customers' needs with professional services and consulting rather than focusing on a product-centric solution.

2.0 Statement of Work

2.1 Network Administration

This contract would provide Network Administration services in the operation of the various areas of the BIG BEND JOBS & EDUCATION COUNCIL (also known as BBJEC) computer network, including all locations – Wakulla, Gadsden and Leon Counties. Also included will be a designated number of hours for remote or onsite work at the various locations to provide advice and guidance on everyday normal issues, “how-to” issues with maintenance, disaster recovery, virus protection, various upgrades, license renewals, budgeting, etc. This support would also include projects such as router upgrades, e-mail server upgrades, backup server upgrades, remote site network setups, and handling of connectivity issues, staff support for vacation/training times when regular staff is not available, software upgrades, firmware upgrades to existing hardware and technical advice on network related grants to include connectivity, hardware and site reviews if necessary.

This contract would also provide Phone / E-mail / Remote Access/ Onsite support to resolve emergency issues. Hours for this type of support are included in the designated hours of support in the contract.

This contract also includes any required meetings or other functions in which Network Administration staff would be needed. These include, but aren’t limited to, monthly management meetings, EFM conference calls, Quarterly MIS consortium meetings, and any other required meetings. (Any overage in hours because of meetings will be billed at the standard hourly rate of \$40 per hour.

A. SUPPORTING REMOTE ACCESS

CSCR provides remote access to approved internal employees and short-term access for partners. This access is provided through a Cisco ASA security device. All internal systems for security are in place for remote access and are controlled at the user level.

B. SERVER SOFTWARE MAINTENANCE AND CONFIGURATION

In the CSCR network, all the client and lab systems are controlled by server software that requires daily maintenance and configuration. Normal domain procedures performed daily are network access, password resets, printing functionality, file security, and file sharing. Other important procedures include daily data backup to comply with CSCRs’ policies for data retention, email archiving (CSCR must abide by the State of Florida Sunshine Law and associated record retention requirements), virus protection, spam protection, malware protection, website monitoring and blocking.

C. CAREERSOURCE EXPRESS & CSCR HOSTED EVENTS

The provider will be responsible for supporting the CareerSource Express – a Ford 15 passenger van that has the capabilities of serving as a standalone remote location and providing the same services that a brick and mortar location offers customers. This van has 10 Dell laptops, printer, mobile hot spot and a Honda generator.

The provider will also be responsible for providing IT support and set up of IT equipment at all events coordinated by CSCR, including those held at CSCR locations and other physical locations in the three counties served.

D. SERVING AS A STATE OF FLORIDA DEPARTMENT OF ECONOMIC OPPORTUNITY SECURITY OFFICER

The provider will be responsible for serving as the security officer for the State of Florida systems that CSCR utilizes daily. These include EFM, OSMIS, OSST, and SUNTAX. This process includes getting user forms filled out by end users, documenting access to specific users, retaining forms on current users, setting up correct access for internal users, and removing access for ex-employees. These systems are hosted by DEO and the Security officers must undergo annual training and provide annual training to internal staff as needed. The provider will manage the process of ensuring staff complete security training upon hire and each subsequent year. The provider will be responsible to supplement security training used by CSCR to address local security concerns.

E. REPORTING RESPONSIBILITIES

The provider will be responsible for several levels of reporting to CSCR. These include, but are not limited to, internal website tracking and monitoring, email tracking and monitoring, phone system tracking and monitoring, monthly updates on all on-going projects, monthly updates on down-time both internally and statewide, purchasing, server performance logs and events, and monthly helpdesk tickets with trends. In addition, DEO performs a semi-annual review of their systems to determine if users have the appropriate training, sufficient documentation for access and to ensure that the list of users accurately reflects current staff's access levels. The provider will be responsible for completing this review and providing all needed documentation to the designated CSCR staff person or DEO directly.

F. TRAINING RESPONSIBILITIES

As a part of the provider's role as the security officer for DEO systems, the provider's staff must also complete security training upon hire and annually thereafter and provide required documentation to CSCR. Live training must also be provided with any new or existing software roll-out or State of Florida system upgrade or new application. Vendor will also train new staff on their first day of employment at CSCR regarding workstation and application functions, ensuring access to and understanding of systems used.

G. BACKUP MANAGEMENT

Aside from the daily backups, bi-annually a backup test must be conducted. This test requires a disaster recovery type situation be emulated and all-important data be restored to an acceptable point. These backups are documented and required to include all CSCR data including but not limited to, email, client data and lab data. See PART IV, Section D. Annually provider will review and update IT related policy and procedure and Emergency Preparedness and Continuity of Operations policies for CSCR staff.

H. PERFORMANCE MANAGEMENT

All service pack releases, updates, and server maintenance must be done during non-working hours as stated in PART III. Advanced notice of at least 24 hours will be provided to all employees for any maintenance affecting availability except in the event of an emergency, in which case notice should be as soon as practical.

I. SECURITY MANAGEMENT

The provider will be responsible for managing and maintaining firewall security along with intrusion detection, content filtering, antivirus protection, patch management, and other vulnerability mitigation tasks.

J. ASSET MANAGEMENT

Existing equipment is currently an asset of CSCR. The provider must be able to account for all inventoried equipment and asset numbers if equipment is replaced or sent for repair.

K. IT VENDOR MAINTENANCE

Provider will need to maintain and coordinate all IT related services with vendors. This includes all hardware vendors, all software vendors, all communication vendors and any other system related to IT support.

L. USER RECORD MAINTENANCE

The provider will maintain accurate and timely records that document employee activation and deactivation dates from the network and the State of Florida systems to which the employee accessed. The compiled information will be used to demonstrate the organization's internal control systems in place when monitored by internal or external entities. Note, the records should be up-to-date and immediately available upon request.

Develop & maintain of a Continuity of Operations Plan with ongoing risk assessment.

2.2 Help Desk Services

This contract would provide Help Desk support services in the operation of the various areas of the BIG BEND JOBS & EDUCATION COUNCIL (also known as BBJEC) computer network, including all locations – Wakulla, Gadsden and Leon Counties. Also included will be a designated number of hours for onsite work at the various locations to provide advice and guidance on everyday normal issues, “how-to” issues with maintenance, disaster recovery, virus protection, various upgrades, license renewals, budgeting, etc. This support includes fielding all Help-Desk calls from the BBJEC users, everyday pc/monitor/printer/etc issues that arise in all 3 locations.

This contract would also provide Phone / E-mail / Remote Access/ Onsite support to resolve emergency issues. Hours for this type of support are included in the designated hours of support in the contract.

This contract also includes any meetings or other functions in which Network Help Desk staff would be needed.

2.3 Phone System Services

This contract would provide phone system services in the operation of the various areas of the BIG BEND JOBS & EDUCATION COUNCIL (also known as BBJEC) computer network, including all locations – Wakulla, Gadsden and Leon Counties. Also included will be a designated number of hours for onsite work at the various locations to provide any MAC requests – moves/adds/changes. This support includes fielding all Help-Desk calls from the BBJEC users, everyday phone/communication issues that arise in all 3 locations.

This contract would also provide Phone / E-mail / Remote Access/ Onsite support to resolve emergency issues. Hours for this type of support are included in the designated hours of support in the contract.

This contract also includes any meetings or other functions in which Network Administration staff would be needed.

Additionally, this contract would include developing customized reports as needed that afford BBJEC leadership to make decisions regarding its operation.

2.4 Break Down of Support Hours

Inspired Technologies will provide BBJEC on-site employees as needed for support each week. These employees will complete daily tasks and maintenance, such as Help Desk support and performance management. These employees will also be involved in project management and planning, upgrades, security monitoring, reporting, website maintenance, asset management, staff meetings and any other requested support by administrative staff of BBJEC. ***Inspired Technologies will also guarantee at least a 1 hour response time for any emergency issues.***

Inspired Technologies will provide each and every Network Consultant that enters BBJEC locations with every tool needed to perform any support tasks for the BBJEC Network. This includes laptops, telecommunication equipment, cell phones, basic cables & connectors, and any other standard tool. The monthly Network Consulting fee also includes all travel costs associated with support of the BBJEC Network.

Inspired Technologies will also be available for scheduled system after hour's maintenance (to avoid downtime during the business' office hours). They must also be available for employee issues when traveling, working from home, or any other remote user access. This time must be included in the contract price. There will not be any extra charge for any afterhours support, weekend support and special events; it should be included in the proposed rate.

2.5 Systems Covered by this Contract

Inspired Technologies will support all BBJEC's current computer systems. This includes all computer systems that BBJEC accesses both locally and remotely. This support would include updates, service packs, and any upgrades. These include E-mail, Virus protection, Backups, E-mail content filtering, Web content filtering, Computer Inventory (completed annually by July), and all Lab software locally. Remotely, these systems include any State of Florida systems that are accessed by internal users (i.e. EFM, FLORIDA, ODDS, OSMIS, OSST, SUNTAX, etc.). Inspired Technologies is only responsible for connecting BBJEC user to these systems. Any problems within these systems will be the responsibility of the vendor.

2.6 Equipment Covered by this Contract

Inspired Technologies will support all BBJEC's current computer equipment. This includes all workstations, servers, printers, routers, switches, and any other network device that is currently in use at any of the BBJEC locations. Inspired Technologies is responsible for labor only.

2.7 Penalties for Downtime

Inspired Technologies will provide BBJEC all the above services in a prompt fashion. If Inspired Technologies fails to respond to an issue deemed "Mission Critical" by BBJEC administration the following penalties by be levied.

- 8 hour downtime – 5% monthly contract rate
- 12 hour downtime – 10% monthly contract rate
- 24 hour downtime – 25% monthly contract rate

These penalties will not apply if the issue is hardware or third party vendor related.

2.8 Summary

In summary, Inspired Technologies would serve as a fully functional on-site Network Service Staff, fulfilling all duties that fall under Network Administration staff and any new duties that BIG BEND JOBS & EDUCATION COUNCIL sees fit.

Contract is for labor only. Any equipment/software purchases will be quoted and paid for separately. All equipment and software purchases are to be at the discretion of customer. Any support of equipment purchased while under this contract that Inspired Technologies is responsible for, will be negotiated prior to the time of purchase and/or installation.

Failure to perform in the areas identified in the above statement of work will be reason for termination for cause and for convenience.

The term of the contract is from July 1st, 2021 through June 30th, 2022.

Participants employed or trained for inherently dangerous occupations, e.g., fire or police jobs shall be assigned to work in accordance with reasonable safety practices.

VI. Further Assurance

The CONTRACTOR assures that it, and its contractors, will comply with all applicable accreditation, business licensing, taxation and insurance requirements of State or Federal statute or law.

VII. Compliance with Acts relating to Work And Safety

The CONTRACTOR shall comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. 276a to 276a7), the Copeland Act 940 U.S.C. 276c and 18 U.S.C. 874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-333), regarding labor standards for federally assisted construction agreements.

VIII. Safeguarding Data Including Personally Identifiable Information (PII)

The must recognize that confidentiality of PII and other sensitive data is of paramount importance and must be observed except where disclosure is allowed by the prior written approval of CSCR or by court order. All data exchanges conducted through or during the course of performance of this contract will be conducted in a manner consistent with applicable Federal law and TEGL NO. 39-11 (issued June 28, 2012). All such activity conducted by ETA and/or Sub-Recipient/Contractor/s will be performed in a manner consistent with applicable state and Federal laws.

The CONTRACTOR agrees to take all necessary steps to protect such confidentiality by complying with the following provisions that are applicable in governing their handling of confidential information: To ensure that such PII is not transmitted to unauthorized users, all PII and other sensitive data transmitted via e-mail or stored on CDs, DVDs, thumb drives, etc., must be encrypted using a Federal Information Processing Standards (FIPS) 140-2 compliant and National Institute of Standards and Technology (NIST) validated cryptographic module. The Sub-Recipient/Contractor must not e-mail unencrypted sensitive PII to any entity, including ETA or Sub-Recipient/Contractors.

- A. The CONTRACTOR must take the steps necessary to ensure the privacy of all PII obtained from participants and/or other individuals and to protect such information from unauthorized disclosure. The proposer must maintain such PII in accordance with

the ETA standards for information security described in this TEGl and any updates to such standards provided to the proposer by ETA. The proposer who wish to obtain more information on data security should contact their Federal Project Officer.

- B. The CONTRACTOR shall ensure that any PII used during the performance of their grant has been obtained in conformity with applicable Federal and state laws governing the confidentiality of information.
- C. The CONTRACTOR further acknowledge that all PII data obtained through their ETA grant shall be stored in an area that is physically safe from access by unauthorized persons at all times and the data will be processed using proposer issued equipment, managed information technology (IT) services, and designated locations approved by ETA. Accessing, processing, and storing of ETA grant PII data on personally owned equipment, at off-site locations e.g., employee's home, and non-proposer managed IT services, e.g., Yahoo mail, is strictly prohibited unless approved by ETA.
- D. CONTRACTOR's employees and other personnel who will have access to sensitive/confidential/proprietary/private data must be advised of the confidential nature of the information, the safeguards required to protect the information, and that there are civil and criminal sanctions for noncompliance with such safeguards that are contained in Federal and state laws.
- E. Access to any PII created by the ETA grant must be restricted to only those employees of the grant recipient who need it in their official capacity to perform duties in connection with the scope of work in the grant agreement.
- F. All PII data must be processed in a manner that will protect the confidentiality of the records/documents and is designed to prevent unauthorized persons from retrieving such records by computer, remote terminal or any other means. Data may be downloaded to, or maintained on, mobile or portable devices only if the data are encrypted using NIST validated software products based on FIPS 140-2 encryption. In addition, wage data may only be accessed from secure locations.

XIV. Byrd Anti-Lobbying Amendment (31 U.S.C.1352)

Contracts exceeding \$100,000 shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, office or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier up to the recipient.

This bid solicitation is 100% supported by the U.S. Departments of Labor, Health and Human Services, and Agriculture as part of awards totaling \$6,661,652.
